

## NEIGHBORS UNITED IS WORKING TO IMPROVE THE QUALITY OF LIFE IN OUR COMMUNITY

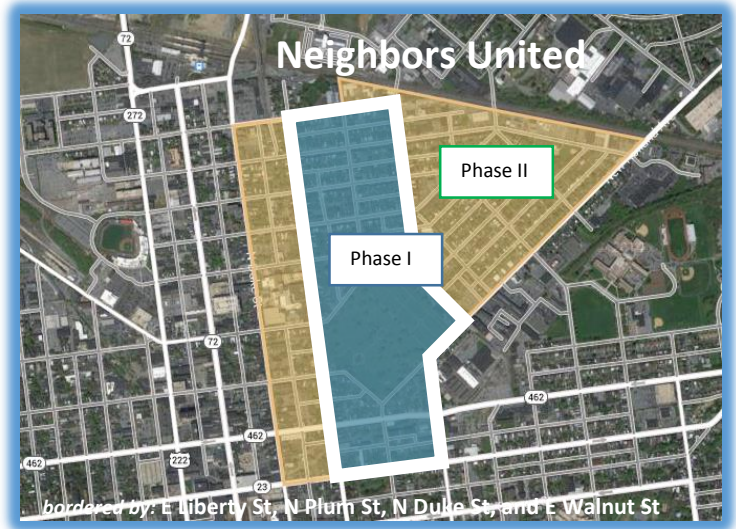

Neighbors United was founded nearly 65 years ago by people like you who wanted to improve the quality of life in the neighborhood through education and taking an active role in the community. We believe that engaged residents make neighborhoods safer and stronger.

We are in the middle of a major campaign that promises to bring Bike Ambassadors, plant shade trees, install trash receptacles and promote business and community awareness in our area. We are convinced this will make the northeast a place where people want to live and work.

We live in a great neighborhood! Our partnership with the Lancaster City Alliance, other community organizations and small businesses, and neighbors like you will help take us to the next step.

*What improvements will a safer, greener and cleaner neighborhood bring to Lancaster City? You don't have to wait another 65 years to find out.*

Join us today!
